

# Gabriella Johnson

HCI, Accessibility Researcher

 [gabriella.johnson@colorado.edu](mailto:gabriella.johnson@colorado.edu)

 [gabriellamjohnson.com](http://gabriellamjohnson.com)

**Research Interests:** Human Computer Interaction, Accessibility, Child Computer Interaction, Assistive Robotics

## RESEARCH EXPERIENCE

---

Graduate Research Assistant

August 2018 – present

University of Colorado Boulder

Advisor: Shaun Kane

- **Game Changer: Accessible Audio and Tactile Guidance for Board and Card Games**
  - Created a set of guidelines for accessible board games
  - Evaluated with blind participants
  - Developed a system to empower blind players to be independent players during gameplay
- **LabelGen: Automating Braille Label Generation for Card Games**
  - Used machine learning techniques to translate symbols into text
  - Developed a mobile application to automatically generate labels for card games

Research Experience for Undergraduates Participant

May 2017 – July 2017

University of South Florida & Universidad de Oviedo

Advisor: Miguel Labrador

- **Water Detection in Single Daytime Images for Fall Prevention Systems**
  - Worked with a student from the Universidad de Oviedo in Oviedo, Spain
  - Used neural networks to train system to detect water in images; model to be used for fall prevention systems

Department of Homeland Security Scholar

August 2016 – December 2017

University of Texas at San Antonio

Advisor: Palden Lama

- **Analysis and Training in Defense of Biological and Digital Threats**
  - Used machine learning techniques to classify digital threats
  - Created guidelines for a digital threat metric system emulating the biological threat system

## PROFESSIONAL EXPERIENCE

---

IT Developer I

May 2016 – August 2016

Steves & Sons, San Antonio, Texas

- Technical Assistant on data entry project
- Constructed data analysis reports using SQL queries
- Constructed C# classes to be included in door classification projects

Intern

June 2015 – May 2016

BIF Technologies, San Antonio, Texas

- Shadowed CEO of company
- Collaborated on several Java projects
- Wrote Software Requirements Specifications for projects

## PUBLICATIONS

---

**Gabriella Johnson** & Shaun K. Kane.

*Game Changer: Accessible Audio and Tactile Guidance for Board and Card Games*. Proceedings of ISS 2019 Daejeon, South Korea. In Review.

**Gabriella Johnson**. *Eye in the Sky: An Audio Description System for Board Games*. CRA URMD Grad Cohort Workshop. Waikoloa Village, Hawaii. Poster.

## OTHER PROJECTS

---

Rainie the Reading Robot: Smart Reading Robot for Storytime

- Robot that aids children during storytime by reading words they do not know
- Evaluated system with Wizard of Oz Prototype to study interactions

A Playful Approach to A Difficult Topic: Using Board Games to Teach Families About Digital Privacy

- Created a board game to teach children and families about the dangers of digital privacy
- Included accessibility features to make more inclusive

## EDUCATION

---

University of Colorado Boulder  
Ph.D. in Computer Science

August 2018 – present  
Advisor: Shaun Kane

University of Texas at San Antonio  
B.S. in Computer Science, Minor in Mathematics

August 2015 – December 2017  
Magna Cum Laude

## HONORS, AWARDS

---

- Grace Hopper Celebration Scholar, 2019
- ACM Richard Tapia Celebration of Diversity in Computing Scholar, 2019
- GEM Associate Fellow, 2019
- CRA Women Grad Cohort Travel Grant, 2019
- CRA URMD Grad Cohort Travel Grant, 2019
- Dean's Summer Research Fellowship, 2018
- Department of Homeland Security Scholar, 2016 – 2017

## ACTIVITIES, SERVICE

---

- Graduate School Peer Mentor, 2019
- Student-Athlete Tutor, 2019
- ACM CHI Student Volunteer, 2019
- ACM-W Public Relations Officer, University of Texas at San Antonio, 2017
- NCAA Division One Athlete, University of Texas at San Antonio, 2015

## PROFESSIONAL DEVELOPMENT

---

- Grace Hopper Celebration, October 2019
- ACM Richard Tapia Celebration of Diversity in Computing, September 2019
- Computing Research Association Women Workshop, April 2019
- Computing Research Association URMD Workshop, March 2019
